

Help for the management of the election statistics

This module allows to update the election statistics.

The election statistics are spread over different pages in function of the electoral process status.

To update the statistics you need to:

- Search the statistics you want to update.
- You can use the 'Next' and 'Back' buttons to navigate through the pages.
- When you have found the statistics to be updated you can insert the required value.
- Certain statistics cannot be changed manually as they are automatically calculated by the application all along the electoral process.
- When you are ready, click on the red cross in the upper right part of the screen.
